C# SOFTWARE DEVELOPER (STUDENT/UNDERGRADUATE ASSISTANT)

OUR COMPANY

ORCONOMY GmbH is a successful and dynamic IT start-up in Paderborn, Germany. Our team is made up of OR specialists, software developers, consultants and lateral thinkers who deploy mathematical optimization methods and make them available to users. We develop precise application software based on our **OPTANO platform** for successful enterprises such as Daimler or BMW or for leading strategy consultancies. Our aim is to provide professional solutions which stand out in productive operations so that our clients can plan more efficiently and thus gain a competitive edge.

WE VALUE YOUR IMPETUS

As a software developer you will work together with experienced colleagues on the continuous development of the OPTANO platform and will design on OPTANO basis project or customized software modules.

Your tasks will vary and will typically include one or more of the following fields:

〉 The architecture of software systems, structuring programs and classes
〉 The design, creation and implementation of user surfaces
〉 Support in the visual preparation of data
〉 The design and implementation of data logic and the presentation layer
〉 The display of individual user processes in software

CONVINCE US WITH YOUR ABILITIES

Do you enjoy working in a team? Would you like to apply your scientific optimization expertise in a range of client projects? Then we would like to hear from you!

Your profile:

〉 You are interested in software development
〉 The creation and usability of software fascinates you
〉 You can see things from a user perspective and can understand the users' needs

YOUR NEW EMPLOYER

Working at ORCONOMY means expanding your own horizons and learning. You will get the chance to assume your own work package and put your know-how to the test by working on exciting challenges. We also offer you attractive benefits:

〉 Flexible working hours and a good work-life balance
〉 Free fruit and beverages at your workplace,
〉 An annual further training budget,
〉 Mentoring program and
〉 State-of-the-art hardware and software

This is a part-time position ranging from 9.5 – 19 hours per week and is available immediately. We also take your academic commitments into consideration. As a dynamic, expanding company, we would be interested in a long-term working relationship.

ORCONOMY
smart entscheiden.
